# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
on AUGUST 12, 1979
- Export Shipments in  
Current Marketing Year
- Daily Sales Reported  
AUGUST 13 - 19, 1979  
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

COMMENTS PREPARED BY THE OFFICE OF THE GENERAL SALES MANAGER

EXPORT SALES REPORT

Comments on release of August 23 (based on reports from exporters for the week ending August 12, 1979).

Wheat: Buying interest diminished rather sharply with a net increase of only 324,700 metric tons (MT). This contrasts sharply with the weekly average net increase in commitments which has been in excess of 1,200,000 MT since the beginning of the MY. Japan, Venezuela and Brazil were the principal buyers with minor changes in outstanding contract balances to other countries. The rate of exports (641,800 MT) was slightly below the volume of the past five weeks.

Corn: New sales activity for the current marketing year (MY) improved over last week with numerous countries adding to existing contract balances. Substantial quantities previously reported as sales to unknown were switched to specific destinations within the European Community. Interest in MY 1979/80 was brisk with Poland, Japan and unknown destinations recording significant new purchases. Export volume (1,578,900 MT) continued extremely heavy as the current MY comes to a close (September 30, 1979).

Barley: The export market was quiet with contract adjustments highlighting the week's activity. The export pace was good as Korea lifted 27,300 MT.

Sorghum: Market activity was modest. Spain, Israel and Mexico added to MY 1978/79 purchases. Exports, lead by 79,700 MT to Japan, were the heaviest in a number of months. Contract adjustments more than offset new sales for MY 1979/80, resulting in a net reduction in total sales of 42,200 MT.

Rice: Sales of 253,000 MT of brown (medium-short) grain rice to Korea dominated the week's activity. The only other significant item was the sale and shipment of 5,000 MT to Sierra Leone. Exports were modest.

Soybeans: Japan, Taiwan and Korea were major buyers for MY 1978/79 as net sales totaled 115,900 MT. MY 1979/80 sales hit 206,700 MT with the EC, Spain, Taiwan, Japan and unknown featured. Exports (286,300 MT) were also down with Japan, Taiwan and Korea again the primary recipients.

Soybean Cake and Meal: Sales (69,600 MT) continued the moderate pace of recent weeks with Korea, unknown destinations, Romania and the EC accounting for over 86 percent. MY 1979/80 sales were principally to Poland. Most of the exports went to the EC, East Germany and Mexico.

Soybean Oil: A sale to Zambia (6,700 MT) under Title I (PL-480) and a 6,000 MT sale to unknown destinations accounted for most of the 14,700 MT sold during the period. Unknown and Columbia accounted for most of the MY 1979/80 business. Exports (1,400 MT) were slow.

Cotton: Sales activity collapsed, falling to the lowest level since the first week in January. Additions to MY 1979/80 included sales to Korea - 16,300 RB and Japan - 15,200 RB and a MY 1980/81 sale to Korea of 5,500 RB. Exports were better as 103,700 RB were shipped - 16 percent to Europe and 76 percent to Asia.

Rye and Oats: Showed no significant activity.

DATA ON TRANSACTIONS REPORTED UNDER THE DAILY REPORTING SYSTEM FOR AUGUST 13-19, 1979  
APPEAR ON PAGE 6.
